

LED Turtle Lights

Product Specifications

Introducing TCP's LED Turtle Lights for properties adjacent to sea turtle nesting beaches.

These lamps produce the long wavelength required to efficiently light the area while not interfering with the wildlife. To be compliant with beachfront lighting best practices, the lamp must be mounted in an enclosed fixture and mounted as low as possible.

Acceptable lamps: light sources that produce light of 590nm or greater.

Reasons to choose the LED Turtle Lights from TCP

- Environmentally friendly
- For use in all lighting fixtures visible from beach areas
- Long 25,000 hour rated life
- 5 year warranty
- RoHS compliant
- Mercury free

Ideal Applications

- Any residential or commercial building fixture that is located by sea turtle nesting beaches

Specifications

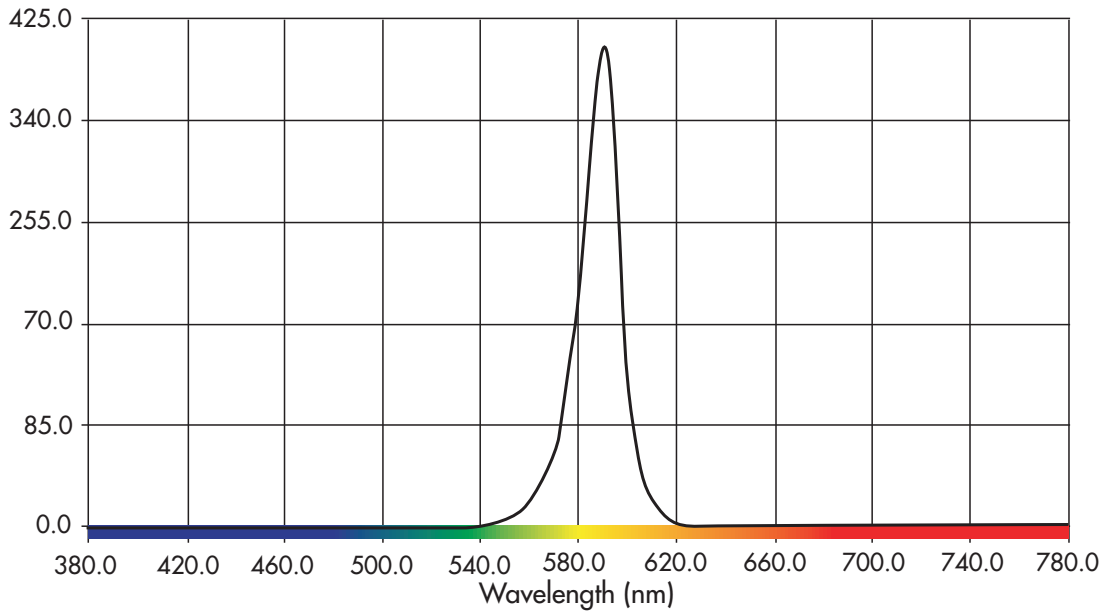

Voltage	120V	Beam Angle	Omni, 40°
Lamp Life (Rated)	25,000 hours	Base	E26
